

THE EASIEST CROCHET BEANIE

PATTERN NOTES:

This particular pattern is worked flat and then seamed together to create a tube. The top is then sewn closed to help give the beanie a more fitted look with a slight slouch.

All you must know how to do is the single crochet stitch.

SIZING:

There are two sizes available for this beanie – child’s size and adult

If you find you need to make slight adjustments to fit your customer, simply add more rows or take some away.

Sizes are written as follows –
child (adult)

MATERIALS USED:

- 1 skein of worsted weight superwash merino wool in the colorway swallow purchased from the indie dyer: noblecharactercrafts found here - <http://tidd.ly/be740944>
- 5.5MM hook
- Tapestry needle
- Scissors
- Faux fur pompom (optional)

THE PATTERN:

CH 30 (36)

R1 - In the second chain from the hook place a SC. Continue with SC all the way across. CH 1 turn.

R2 - (chain 1 counts as SC) place a SC into the back loop of each stitch all the way across. CH 1. Turn.

R3 - repeat row 2 for 64 rows (or as large as you need for an adult)

Once you’ve completed the rows you will SC the two ends together to create a tube.

After making the tube you will see together one of the ends to close the beanie. At this point you can wear as is or add your favorite Pom!
